

BUILDING STORIES

PARENT/CAREGIVER FAMILY LEARNING LOG

Here are some ways that you can help your child learn and have fun this summer.
Do any five activities together and be entered to win a special technology package.

Build a city with boxes and containers. Use painter's tape for the street.	Design an obstacle course using objects around the house.	Draw a map of your home or neighborhood.	Build a fort with pillows and a sheet.
Act out the story of the Three Little Pigs.	Build a structure with a deck of cards.	Take a walk around the neighborhood and look for all the letters of the alphabet.	Make a window garden by planting some seeds.
Cook something healthy together.	Build a sandcastle.	Make a sign for a room in your home.	Build a structure with spaghetti and marshmallows.

What was the best part of doing the Summer Learning Challenge with your child/children?

Submit this log to a Chicago Public Library Branch or email it to CPLKids@chipublic.org
